

COMMUNITY PRIORITIES GRANTS APPLICATION GUIDELINES

The Community Priorities Grants Program is the Westlock Community Foundation's largest Granting program.

Each year, this fund awards grants to qualified Donees in Westlock, Westlock County, and the Village of Clyde. Funding for this program comes from donors across the region that made gifts to the Community Foundation. These donors trust that the Community Priorities Grants Committee and Board of Directors will allocate funding to worthy causes throughout the region.

The Foundation seeks to support projects and initiatives that fall within one or more of the following categories:

Affordability

Factors that affect conditions of subsistence in our communities taking into account the availability, affordability, and appropriateness of resources that help all of us meet our basic needs.

Economic Vibrancy

Creates equitable opportunities for more people to work, earn good wages and thrive.

Safety

Community safety & well-being is the ideal state of a sustainable community where everyone is safe, has a sense of belonging, opportunities to participate, and where individuals are able to meet their needs for education, health care, food, housing, income, and social and cultural expression.

Connection & Belonging

Connection is the energy that is created between people when they feel seen, heard and valued. When they can give and receive without judgment. Belonging is the innate human desire to be part of something larger than us.

Active Living

A way of life in which physical, social, mental, emotional and spiritual activities are valued and are integrated into daily living.

Environment

Factors contributing to the sum total of all the living and non-living elements and their effects which influence human life.

The Community Priorities Fund will consider requests between \$2,500 and \$25,000.

From Application to Grant

Applications are reviewed by the Community Foundation's Community Priorities Grants Committee, which is comprised of Community Foundation directors and volunteer members of the community. The Committee considers all applications and makes recommendations to the Board of Directors for final approval. Please note that all applicants are notified, regardless of whether or not they receive funding. Funding is awarded approximately two months after the application deadline date.

Grant Application Deadlines

Applications to the Community Priorities Grants Program are accepted once a year, with the following deadline: **April 1, 2026 at 11:59 p.m.**

COMMUNITY PRIORITIES GRANTS APPLICATION GUIDELINES

APPLYING FOR A COMMUNITY PRIORITIES GRANT

Before spending your valuable time completing a grant application please read the following information and answer the questions to determine whether your organization and your project meet our eligibility requirements.

Step 1: Is your organization eligible for funding?

- Are you located within our region? Our region includes the boundaries of the Town of Westlock, Westlock County, and the Village of Clyde. You must be located within this region, or carry out programming within this region to be eligible for funding.
- Are you a registered charity with Canada Revenue Agency?
The Community Foundation can only grant to federally registered charities or qualified Donees (grant recipients) with a business number (BN). You can check your organization's charitable or qualified donee status by visiting the [Canada Revenue Agency Website](#). Please note that this number is different from an Alberta Societies Number. The Community Foundation cannot fund societies unless they are also federally registered.
- Are you applying in partnership?
If you do not have a CRA BN, you may still apply for funding through a partnership with another registered charity, municipality or school district. If you would like more information on charity/non-charity partnerships, please call the office at 780-349-2212.

Step 2: Is Your Project Eligible?

The project:

- Helps to fulfill the mission and mandate of your organization
- Improves the services offered by your organization
- Delivers benefits to the majority of the people you serve
- Demonstrates a real need for funding that is not otherwise available
- Demonstrates a search for funding from sources other than the Community Foundation
- Demonstrates an investment in the project through contributions from your organization, the community, and/or support from other funding sources
- Is well developed, achievable within the next year, and:

 - strengthens your organizational capacity or sustainability
